

Intrinsics Spa Spotlight: Kayla Mitchell Makeup

Located in Florence, AL & Santa Rosa Beach, FL, [Kayla Mitchell Makeup](#) is owned by licensed aesthetician Kayla Mitchell (of course), who strives to create fresh, flawless faces for her customers down south. According to Kayla's website, she has a wonderful goal, which is "to make you feel as pampered and fabulous as a celebrity."

With a meticulous attention to detail, Kayla offers perfect brows, full-body waxing, and glam makeup applications. Aside from helping her clients achieve the healthiest skin possible, Kayla also provides treatments on-the-go through her luxury mobile beauty service.

As our latest spa spotlight, Kayla took the time to answer our five questions, which always lets us (and our customers) know a little more about her business, and which Intrinsics products she likes most.

Tell us a little bit about the history of your spa.

Founded in 2008 as a mobile makeup service, I broadened the scope of my practice in 2014 by opening a spa suite in North Alabama. Finding great success in this—and being a gypsy at heart—I decided to further expand and open a second location in Destin, FL, in 2016.

How did you discover Intrinsics' products?

I first discovered Intrinsics through an online spa supply company called [Universal Companies](#).

Is there a reason why your spa chooses to use Intrinsics' products over other brands?

I use [Intrinsics](#) in my services because the quality is unsurpassed. I know I can always rely on this brand to deliver exceptional products each and every time.

What [Intrinsics products](#) do your customers appreciate most?

My clients love the [Compressed Sponges](#) that my clients get to take home at the end of every facial. They love this something extra that makes them feel pampered.

Do you have a particular [Intrinsics product](#) that you consider your favorite?

I love the [Compressed Sponges](#) myself. It's one of the reasons why I give them to my clients. I love sharing my favorite products with my clients. When a product is this great, you can't help but share it!
