FOR IMMEDIATE RELEASE

## Introducing Intrinsics® Large 3” 100% PURE COTTON OVALS

Long trusted by estheticians, stylists, barbers, and nail technicians, for high quality, professional disposable sundries, Intrinsics® now offers a new twist to the Cotton Round, the Cotton Oval.

**Charlotte, NC June 1, 2018:** Made of soft 100% PURE COTTON, this ergonomically designed 3” oval fits the shape of your hand. These large 3” ovals do the work for you! The 3” ovals are smooth on one side and textured on the other to help remove product from the skin and gentle exfoliate during facials. Intrinsics® is the leader in disposables for the skin because we only use the finest pure ingredients. We continued that practice with the new 3” cotton ovals. The ovals are made of 100% PURE COTTON fibers, no fillers or cotton by-products such as comber. Expect just pure, wholesome, hypoallergenic, medical grade 100% PURE COTTON. Because Intrinsics uses only 100% PURE COTTON, the ovals can be used on any skin type.

The 100% PURE COTTON oval fits your hand like a glove. The shape is engineered to give you ultimate control. The smooth and texture surface, along with high quality pure cotton ensures you that the product is resistant to shredding or breaking apart during a facial or beauty treatment.

The 100% PURE COTTON ovals are very absorbent, biodegradable, and eco-friendly as made from a renewable resource of pure cotton fiber. The 100% PURE COTTON ovals have excellent wicking qualities that allow for a great wipe-dry performance for removing product from the skin.

### Benefits of Intrinsics® 100% PURE COTTON Ovals:

- Smooth on one side and textured on the other to help remove product from the skin
- Oval shape is ergonomically designed to fit the shape of your hand for better control
- Larger 3” size for increased coverage of the face
- Great to use as an eye pad or cut in half for perfect fit under the eye
- Use wet or dry; the surface resists shredding
- Hypoallergenic
- Naturally biodegradable
- Perfect to use during facial
- Medical-grade, purified cotton

When people opened their eyes to what we put IN our bodies it sparked a consumer product revolution. Imagine the possibilities when we begin caring what we put ON our bodies.....people are in love with cotton. Make sure you read the label-----100% PURE COTTON!
